Applicants enclose a replacement sheet for Figs. 24A, 24B, and 24C.

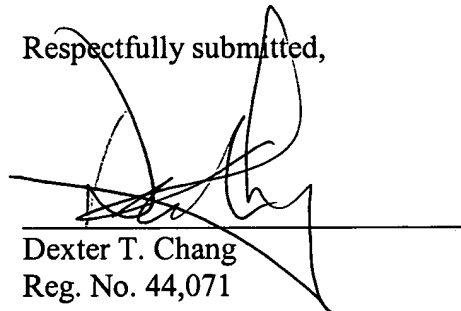

REMARKS

The Examiner enclosed a Notice of Draftsperson's Patent Drawing Review, PTO-948, in the above-referenced May 25, 2005 Notice wherein the draftsperson objected to Fig. 24C for lines, numbers, and letters that are not uniformly thick and well-defined. Fig. 24C in the filed drawings was apparently partially obscured near its bottom such that lines, numbers, and letters in the bottom portion of the figure was not well-defined. Applicants submit a replacement sheet with complete Figs. 24A, 24B, and 24C.

In view of the above, this application is in condition for issuance which action is respectfully requested. However, if for any reason the Examiner should consider this application not to be in condition for issuance, the Examiner is respectfully requested to telephone the undersigned attorney at the number listed below.
